

Project 1: Responsive Bootstrap Website

[Submit Assignment](#)

Due Sep 24 by 11:59pm **Points** 50 **Submitting** a text entry box, a website url, or a file upload
Available Aug 22 at 12am - Oct 1 at 11:59pm about 1 month

For this assignment you are going to choose from 3 different client themes. Each client theme has similar requirements that you must meet using the Twitter Bootstrap framework. You are required to style this theme to match the description of the client.

Example: If you pick Cozy Corner, you are required to find images that would represent a book store.

Starter File: [Click Here](#)

The 3 clients are as follows:

1. Cozy Corner - Local bookstore
2. Calm Mind - Spa and Yoga Classes
3. Road Warriors - Bicycle sales shop

After you have picked a theme, follow the checklist of requirements in the Rubric. Each of the rubric requirements represent a piece of the total points attainable on an assignment. If you complete each task on the rubric, you will get an A on the assignment.

Content Rules

You **MUST** use theme appropriate headers everything else can be lorem ipsum.

Example: If I picked Road Warriors as my theme then all of my header titles would be bike shop themed. The rest of content, as described in the rubric, can be lorem ipsum.

Here are a few of my favorite ipsum sites to help you fill content:

<http://www.lipsum.com/> <http://www.lipsum.com/>

<https://baconipsum.com/> <https://baconipsum.com/> <https://baconipsum.com/>
